CALL FOR ABSTRACTS

30th Symposium of the Vancouver Geotechnical Society

May 17, 2024

Topic: Dams, Dikes and Levees

**Pinnacle Hotel Vancouver Harbourfront
1133 West Hastings Street, Vancouver, BC**

The 30th Symposium of the Vancouver Geotechnical Society, focusing on the topic of “*Dams, Dikes and Levees*”, will take place on Friday May 17th, 2024, at the Pinnacle Hotel Harbourfront (1133 West Hastings Street in Vancouver).

Abstracts are called for papers which discuss applications of geotechnical engineering for dams, dikes, levees and similar structures. This may include, but is not limited to projects relating to hydropower, water storage, mine waste/tailings, flood protection, instrumentation and monitoring, forensic analysis, repair and recovery, and construction case histories. We also invite submissions concerning any engineering activity of particular interest in the Lower Mainland. Abstracts should be less than 500 words and sent to the Symposium Co-Chairs by February 1th, 2024. The dates for notice of abstract acceptance and final manuscript submission will be provided at a later date.

The symposium is anticipated to consist of the following events:

1. One or two invited presentations by keynote speakers.
2. Technical sessions that will allow presentation of 6 to 10 papers.
3. Geotechnical suppliers trade show exhibition.
4. Continental breakfast, lunch, and two coffee breaks provided.
5. An optional reception open to all attendees.
